D. BACKGROUND AND EXPERIENCE

Briefly present your organization (e.g., its type, size, scope of work, areas of specific expertise, specific social context and, if relevant, the quality system used)

CDA College Pafos is a private institution of Higher Education which started its operations in the academic year 2014/15. It is the local branch of CDA College which also operates in Nicosia, Larnaca and Limassol towns with a long history of operation which dates back to 1976.

The college provides professional and academic programmes of study in Secretarial Studies, Travel and Tourism, Aesthetics, Hairdressing, Business Administration, Accounting and Funeral Administrator –

Embalmer Studies. The professional programmes are Short Cycle courses of 1, 2 or 3-year duration leading to a Certificate, Diploma or Higher Diploma qualifications respectively.

Due to the current economic crisis and high unemployment rate in Cyprus, these professional courses are now preferred by young students because they relate directly to their professional careers and provide easier employment and even self-employment opportunities. The academic courses are of 4-year duration leading to the BA (Bachelors) qualification and even to a Masters level.

Bearing in mind the size of the country and the recent establishment of the CDA College Pafos the current number of students is about 200 which include apart from Cypriots, students from Russia, Greece, Ukraine, Syria, Bangladesh, India etc. The general staff consists of about forty people occupying administrative and academic positions of both permanent and part time forms of employment. We also have a long list of other qualified collaborators who contribute to our demands and activities.

The registration and operation of the College is governed by strict regulations and requirements which are under the jurisdiction of the Ministry of Education and Culture. All the programmes of study are registered at the Ministry of Education and are accredited by the Cyprus Council for the Quality Assurance of Higher Education. The qualifications issued by the College are recognised by the Cyprus Council for the Recognition of Academic Qualifications (KYSATS) which also acts as the Cyprus NARIC.

What are the activities and experience of your organisation in the areas relevant for this project?

CDA College Pafos has a strong presence in vocational training courses and has established also contacts with corresponding professional organisations through practical training and employment arrangements with them.

The mission and goals of the College derive from the following statements:

1. Access

We offer graduate and undergraduate programs addressing issues of particular importance to people. Our curricula, teaching methodologies, our financial and academic support services address the needs of students who come to the College from varied social, cultural and ethnic background.

2. Excellence

We address the intellectual and professional needs of individual students through classes and other educational experiences. Students benefit from rigorous, specially tailored approaches to fostering gains in abilities and understanding

3. Quality of Life

We support cultural diversity by helping ethnic and international communities to articulate and celebrate their cultural values and identities, and by recognizing the contributions and achievements of members of these communities.

Our objectives are:

- To provide students a stimulating learning environment
- To provide students with the necessary skills to enable them to hold responsible and challenging posts in the society
- To provide theoretical and practical training for future employment
- To provide to students' opportunities for employment.

Educational Programs
